

# UTILITY-GRADE CUTTING AND COMPRESSION TOOLS

SERIES **7M**  
PRO LINE

YOU ASKED AND WE DELIVERED.

## INTRODUCING

# SERIES 7M PRO-LINE TOOLS

We've spent the last 40+ years building dependable, reliable and ergonomically superior tools. Whether you need options for overhead, underground, substations, or transmission and distribution projects; HUSKIE TOOLS has the right tool for the job.

**Series 7M PRO-LINE Tools** deliver proven performance and the most durable, dependable line of cutting and compression tools for the utility market; now designed to work with powerful fast-charging **MAKITA® 18V LXT® LITHIUM-ION BATTERIES**.

## SERIES 7M PRO LINE

## FEATURES & TECHNOLOGY

### MAKITA® 18V LXT® LITHIUM-ION BATTERY PLATFORM

Featuring consistent power and extended runtimes, these fast charging batteries include an integrated LED battery charge level indicator for easy monitoring.

### PERFORMANCE, GUARANTEED

SL & REC tools offer 5-Yr. Tool Warranty, IL tools offer 3-Yr. Tool Warranty and ECO offers 1-Yr. Tool Warranty. Makita batteries and chargers are warranted for 3 Years.

### LED WORKLIGHT

Built-in white LED light aimed at tool jaws for working in low light conditions.

### ACSR CABLE CUTTING

Specially designed jaws for strength and durability when cutting ACSR.

### LIVE LINE RATED

Tested up to 75kV for use on live line applications without damage to internal circuitry.

# UTILITY-GRADE

HUSKIE TOOLS HAS THE RIGHT TOOL FOR YOUR JOB

# S7M

## UTILITY GRADE

Durable,  
dependable,  
built to last

## LIVE LINE RATED

Tested to 75kV  
without damage to  
internal circuitry

## COMPLETE LINE

6 to 15 ton power

## OPTIMIZED HYDRAULICS

Fast advance &  
retract speeds

## RAPID CHARGING

Full charge in 45  
minutes or less

## CONSTANT POWER

Longer run times,  
consistent charge

**HUSKIE TOOLS**

# **CUTTING & COMPRESSION TOOLS**

## **HUSKIE TOOLS OFFERS A VARIETY OF CUTTING AND COMPRESSION TOOLS FOR SERVICE ENTRANCE AND TRANSFORMER HOOK-UPS.**

These durable compact tools provide 6 Ton compression force and easily handle lugs and splices up to 350 MCM Aluminum or 500 MCM Copper and H-Taps up to 4/0-4/0. Many of these tools feature the convenience of interchangeable jaw sets, allowing use with a wide range of industry standard “W”, “X”, and “O” type dies and optional cutting jaws with capacity up to 350 MCM Aluminum, 500 MCM Copper and 336 MCM ACSR.

## **HUSKIE TOOLS ALSO OFFERS A VARIETY OF DIELESS CRIMPING TOOLS FOR NON-TENSION SPLICES AND TERMINATIONS UP TO 750MCM CU/AL.**

The four-sided dieless crimp system is specifically designed to crimp Anderson style connectors and others manufactured to ANSI C119.4 specifications. Integrated crimping nibs eliminate the need for individual dies sets and apply 6.2 Ton crimping force equally at four points around lugs and splices creating a secure connection.

## **LINEMEN DEPEND ON QUALITY HUSKIE TOOLS TO MEET THEIR OVERHEAD TOOL NEEDS.**

Our rugged 12 Ton pistol-grip style tools are ergonomically designed and balanced for overhead work on cable tray or from a utility bucket. Easy one-hand tool operation allows the free hand to position the work. Compatible with industry standard “U” dies and Kearney style dies, these tools can handle lugs & splices up to 750 MCM CU/AL and ACSR up to 1033 MCM. Our overhead cutting tools feature specially designed jaws for strength and durability, with cutting capacities up to 1590 MCM ACSR.

## **LEADING THE INDUSTRY IN DESIGN, PERFORMANCE AND DURABILITY.**

Our 15 Ton compression tools are built on our popular inline housing style for ease of use and increased versatility across a wide range of substation and distribution applications. Among the lightest in the industry, these powerful tools with 2” jaw opening are compatible with industry standard “P” dies and are capable of handling lugs and splices up to 1250 MCM Aluminum and 1500 MCM Copper.

S7M

## COMPRESSION TOOLS

SL-MK7ND

# 6 TON INLINE COMPRESSION TOOL

## WITH CHANGEABLE HEADS

### FEATURES

- Lightweight ergonomic design for easy one-hand operation
- 180° rotating head with forged jaws and protective brush guards
- Pull-pin head design allows quick change of available jaws
- Accepts all "W", "X" & "O" type dies depending on jaw selected
- 5 yr. Tool / 3 yr. Battery - Huskie Tools limited warranty

## 12 TON COMPRESSION TOOLS

### FEATURES

- Optimized hydraulics offer 20% faster advance and 30% faster retraction speeds than previous generation tools
- Patent-pending selectable auto-retract switch
- Protective rubber boot on "C" head helps prevent accidental contact with energized circuits
- Designed for use in single-handed operation in overhead line applications
- Accepts all "U" type industry standard die sets
- Open "C" head design allows user to place compression head over the connector without having to close a latch before starting a compression cycle
- Head rotates 180° for optimum maneuverability in tight work spaces
- 5 Yr. Tool / 3 Yr. Battery - Huskie Tools Limited Warranty

# SERIES 7M PRODUCT WARRANTY

**Huskie Tools products carry a warranty that makes us a leader in the utility industry.**

## PRODUCT WARRANTY

SL & REC Tools	5 Years
IL Tools	3 Years
ECO Tools	1 Year
Makita LXT® Batteries and Chargers	3 Years

The warranty does not cover any damages incurred from a Huskie tool including damages to property, bodily injuries and lost wages resulting from such injuries. This warranty solely covers the repair or replacement of tools supplied by Huskie. These remedies are exclusive, and the total liability of Huskie Tools, LLC whether based on contract, warranty, negligence, indemnification, strict liability or otherwise, shall not exceed the purchase price of the tool. In no event, shall Huskie Tools, LLC be liable for consequential, incidental or special damages.

HUSKIE TOOLS, LLC MAKES NO OTHER WARRANTIES OF ANY KIND, EXPRESSED OR IMPLIED, AND ALL IMPLIED WARRANTIES INCLUDING ANY WARRANTY OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED.

Huskie reserves the right to determine all warranty claims. Huskie will not warranty tools containing parts or batteries not originally supplied by Huskie. Failure due to misuse, improper maintenance, misapplication, not following instructions or warnings, abuse or repairs attempted by anyone other than Huskie Tools, LLC, or an authorized service center renders this warranty null and void.

## REPAIR AND WARRANTY CLAIMS

All claims must be sent to Huskie for inspection and authorization. A Return Goods Authorization (RGA) is required before shipping tools to Huskie. Secure the authorization by telephoning or writing to Huskie's main office with details of the claim. Non-warranty repairs are handled using the same procedure. Repairs exceeding 50 percent of the cost of a new tool will be advised before repairs are made.
