

REC-B105YC

12 Ton Scissor - Type Cutting Tool

## www.spartacogroup.com

## **HuskieToolFacts**

Specifications	
Output	12 Ton
Weight	19 lbs. with Battery
Size	24"L x 12"H x 3.1"W
Jaw Opening	4.125"

Cutting Estimates		
	BP-84	
1000 MCM AI	60	
1000 MCM Cu	90	

Cutting Capacities	
Aluminum	4.125"
Telecommunication	4.125"
Lead Sheath	2.5"
ACSR	Do Not Cut

## . Features

- Open Scissor Jaw for Easy Cable Insertion
- Rotational Head
- Bright White, LED Lights for Working in Low Light Conditions
- Rapid Advance
- Ergonomically Balanced
- Weather Resistant Housing
- Overload Bypass Protection
- Sidebar Handle for Stability and Balance
- 5 Year Warranty on Tool, Battery & Charger

The **REC-B105YC** is designed to cut copper and aluminum cables as well as lead-sheathed telecommunication cables. The extremely large jaws and scissortype blades allow for easy cutting of large underground cables. The sidebar handle allows the user to stabilize and balance the tool.

This tool also has a built-in bypass cartridge to avoid cutter damage for those cables that are beyond the cutter's capacity. The open jaw design allows the user to scoop up cables that are against a wall, in hard to reach areas and on the ground.

NOTE: DO NOT CUT STEEL.

The new 6 series battery operated tools with "B" designation are Bluetooth enabled products.

These tools are able to communicate data to your Bluetooth enabled PC via the downloadable software available on Spartaco website.

In addition to the audible beeps and visual Led indicators on these tools identifying battery connection, full compression cycles, proper achieved pressure, and incomplete crimps, the tools also record data to be viewed later via the Bluetooth connection at you PC.

The data includes locked fields for model and serial number of the tool connected. It has cycle count data, and it has fields for read / write capabilities for the user to enter notes such as truck or job number, repair history, or any note the user or maintenance technician may feel important to record.

Complete operation instructions as well as the downloadable computer software is available at: www.spartacogroup.com
